### "From Insight to Impact: Translating Research into Real-World Solutions"

*Speakers*

**Grant M. Warner, Ph.D.**

Executive Director, Center for Black Entrepreneurship

**Abdus Muwwakil**

Program Manager, I-Corps, Center for Black Entrepreneurship

This workshop is designed to help faculty and student researchers translate their scholarly work into real-world solutions. Participants will explore pathways for moving ideas beyond the lab or classroom, including identifying market opportunities and navigating commercialization and venture creation. Through examples and guided discussion, the workshop demystifies the research-to-market process and equips attendees with frameworks and available AUC resources to amplify the societal, economic, and community impact of their work.

Refreshments will be served
