## MARCH FORWARD: From Idea to Award

*A Faculty Workshop Series on  
Research & Grant Development*

Join us for a three-part workshop series designed to help Spelman faculty move research ideas toward funded opportunities. Participants will learn about campus resources that support proposal development, explore how AI tools can assist with research and writing, and discover how AUC-GRANTED can support the early stages of developing and submitting a grant proposal.

Lunch will be provided at each session.

### Registration is required.

Faculty are welcome to attend the full series or register for individual sessions based on their interests.

**Note: Spaces are limited to the first 20 registrants.**  
Early registration is encouraged.

## WORKSHOP SESSION DATES & TIMES

- ✦ **Session 1 - Where Do I Begin?**  
Thursday, March 19 11:30AM-1PM  
Wellness Kitchen  
Learn about the Spelman teams and resources that support faculty in developing and submitting grant proposals, and where to start when turning an idea into a funded opportunity.
- ✦ **Session 2 - AI as a Research Assistant: Tools to Support Proposal Development**  
Tuesday, March 24 11:30AM-1PM  
Cosby (Faculty Cloister #328)  
Explore how AI tools can support your research process, from idea generation and literature review to strengthening elements of your proposal development.
- ✦ **Session 3 - What Comes Next? Taking the First Steps Toward Proposal Submission**  
Thursday, March 31 11:30AM-1PM  
Wellness Kitchen  
Discover how AUC-GRANTED can support your next steps as you begin preparing and submitting your first grant proposal.
